# Camp Buck Toms Program

Camp Buck Toms is located on 750 acres situated on beautiful Watts Bar Lake, which is one of the largest lakes in the TVA river system. Camp Buck Toms has over 3 miles of shoreline and abundant wildlife. Several of the campsites have terrific lakefront views.

**Economical:** Scouts can attend Camp Buck Toms for as little as \$200 per week. (If Scout takes advantage of early registration discounts). What a great deal in this time and age. Camperships are available for Scouts that qualify. Merit badge fees and special program fees may apply.

## **The DAN BEARD PROGRAM:**

This program is for Scouts who are new to camp and have not yet earned the Second Class rank. The Dan Beard program gives first-year Scouts a taste of the entire summer camp program, including opportunities to: rappel at the tower, learn from the Ecology/Conservation staff, spend time at the Waterfront, visit the Rifle and Archery Ranges at the Shooting Sports area, as well as many other fun experiences. Most importantly, Dan Beard participants will have the opportunity to complete many requirements for the Tenderfoot, Second Class, and First Class ranks.

## **Second & Third Year Campers:**

Over 60 merit badges are offered for Scouts that have completed their First Class rank. Many of the merit badges offered at Camp Buck Toms can be completed at camp. Additional programs are offered such as BSA lifeguard, Paul Bunyan Woodsman, COPE, and Mile Swim are just a few examples. Our program areas include **Aquatics, Nature, Handicraft, Health & Safety, Scout Craft, Shooting Sports, Mountain Biking, High Adventure and STEM.**

## **STEM (Science, Technology, Engineering, and Mathematics):**

These disciplines are considered by many to be the foundation for academic and professional fields of an advanced society. Camp Buck Tom's Stem initiative gives Scouts an opportunity to explore relevant skills and experiences and for their achievements to be recognized. The aim is to expose youth to opportunities and help them develop skills critical for the competitive world market. Aviation, Chemistry, Composite Materials, Energy, Nuclear Science, Radio, Electronics, Robotics, Space Exploration and Welding are just a few of the STEM qualified merit badges offered. Check the Merit Badge List for a complete listing.

# HIGH ADVENTURE PROGRAMS – FOR SCOUTS 13 YEARS OR OLDER

---

## **The Challenging Outdoor Personal Experience or C.O.P.E. Program:**

COPE is a weeklong high adventure program for older Scouts that teach advanced team building and problem solving skills. Scouts will learn to work as a group and function as a team to meet a series of low course and high course C.O.P.E. elements. Participants must be at least 13 years old and in sound physical condition.

The goals of project C.O.P.E. are to build Leadership, self-esteem, decision-making, trust, and teamwork. These goals are accomplished by progressing, as a group, through a series of increasingly physically and mentally challenging exercises that require cooperation and teamwork to complete.

Buck Toms offers one of the finest high ropes courses, as well as a multi-level rappelling tower, V-swing and zip line. When you complete the course, you and your group will receive a special C.O.P.E. t-shirt, stating that you have "...Met the C.O.P.E. Challenge!"

## **THE MOUNTAIN MAN PROGRAM:**

Mountain Man is a five-day expedition that may consist of, but not limited to, the following: backpacking, caving, whitewater rafting, rock climbing, rappelling, mountain biking and various water sports. There is a planning session on Sunday evening to set the week's schedule. At this meeting, each participant will have input on the journey for the week. Mountain Man is led by an experienced guide, and promises to be fun for any participant. At the end of the week, upon completing the trek, each participant will be granted a shirt and named Mountain Man! Scouts must be 13 years of age.

## **National Youth Leadership Training:**

This course is designed for Boy Scout Troops. This is open to all Boy Scouts who are First Class or above.

This exciting and fast paced training will be offered at Camp Buck Toms during the week of June 2nd through June 8<sup>th</sup>. Participants will learn new skills in team development and Leadership, skills that you can bring back to a Troop and put into practice.

Every Scout that maintains a Leadership position should attend this training. This course is taught by a well-trained youth and adult staff who know the program and are equipped to help each participant develop and deliver these learned skills to their fellow Scouts.

## CAMP BUCK TOMS GRACE

---

Before breakfast and dinner every day, a Scout will lead the Camp Buck Toms Grace. If a Troop's Chaplain's Aide wishes to lead the grace, please see the Program Director. Please note that a Scout is Reverent, each in his own way.

*In silence we seek Thee. In grace, we believe in Thee.  
For the blessing of this meal, for the fellowship we feel,  
Scouting thanks you oh Lord.*

*Amen.*

## WHAT NOT TO BRING TO CAMP

---

Personal firearms or other firearms, ammunition, and bows are not allowed in camp: only those supplies by the Shooting Sports area are to be used. Sheath knives are not allowed at camp as well. Any such equipment brought to camp must be delivered to the Camp Director when the unit checks in. It will be returned when the unit checks out at the end of the week.

In addition, no pets of any kind or fireworks are allowed in camp. This is policy of the Boy Scouts of America.

Finally, we recommend that items such as radios, iPods and MP3 players, electronic games, and other electronic devices not be brought to camp. Summer camp is an outdoor experience, and these items are not appropriate to that experience. **CAMP BUCK TOMS IS NOT RESPONSIBLE FOR LOST OR STOLEN ITEMS.**

## PACKING TIPS

---

Other than some basic items, different people and units will bring different items with them. A good exercise is to think about your Troop's perfect week at camp and bring items that you see in your mental picture. Some Troops never leave home without their hammocks, others never without their rod and tackle box. Make this week the best week of your summer. To help you and your Troop not forget these important items, please use the lists on the previous page to help with packing.

## Electrical Use Policy

---

**NEW: No electrical cords are allowed to be run from building to building. This is dangerous, against BSA policy and against Roane County Building Codes. Cases where electricity is needed for health reasons must be cleared with the Camp Director before arriving at camp. The Camp Director will do his best to meet your needs.**

## Adirondack Policy

---

**NEW: Due to safety concerns and damage to the Adirondacks, use of hammocks inside the Adirondacks is strictly prohibited.**
